

# Meteorologische Dienst Suriname (MDS)

Meteorological Service Suriname

Department of Ministry of Public Works Transportation & Communication

[www.meteosur.sr](http://www.meteosur.sr)

## Mission:

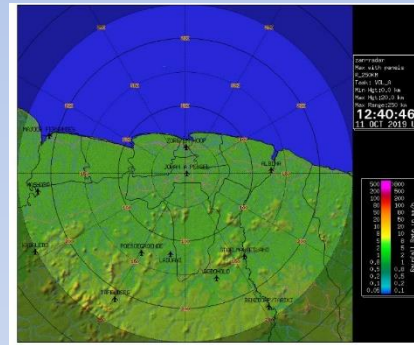

1. Collecting required information about weather and climate in the broadest sense of the word
2. Contributing to the safety in the broadest sense by providing timely forecast, warnings and analyzes of the weather and climate.

## Vision:

The MDS aims to be the only trusting voice to Suriname for weather and climate information, especially during bad weather conditions. Together with its Partners, work is always being done to improve the Services for the benefit of all users.
