

Vacancy Notice

The Ministry of Land Policy and Forest Management (GBB) in collaboration with the United Nations Development Programme (UNDP) are engaged in the multi-year project **“Strengthening Management of Protected and Productive Landscapes in Surinamese Amazon”**, ASL2.

The ASL2 project aims to secure equitable management of Suriname’s protected and productive landscapes through an integrated approach that delivers mutually supportive conservation and sustainable livelihood benefits. It will be executed in two major landscapes of Suriname’s Amazon biome: the Saamaka-Matawai and the Coeroeni-Paroe landscapes. The project is funded by, among others, the GEF through the UNDP and implementation is in the hands of the Ministry of GBB.

The ASL2 project invites applications for the following individual consultants:

- Sustainable Forest Management Senior Consultant
- Sustainable Forest Management Junior Consultant

The consultancies are open to nationals or legal residents of Suriname and the Terms of Reference (ToR) can be requested via

- Email: rgbbosbeheer@gmail.com

Interested candidates who meet the criteria can send their application by email, no later than the date mentioned in the respective ToR.

The subject title of the email should read: **“Application for Sustainable Forest Management Senior Consultant”** or **“Application for Sustainable Forest Management Junior Consultant”**

The submission letter should be addressed to:

The Ministry of Land Policy and Forest Management
Deputy Permanent Secretary for Forest Management
Cornelis Jongbawstraat 10-12
Paramaribo, Suriname
Attn. ASL2 Project Management Unit
