

Vacancy announcement

The National Environmental Authority (NMA) in collaboration with the Ministry of Natural Resources and the United Nations Development Programme (UNDP) are engaged in the multi-year project **Improving Environmental Management in the Mining Sector of Suriname, with Emphasis on Artisanal and Small-Scale Gold Mining (EMSAGS)**.

The EMSAGS Project has contracted the international firm Jacetec Solutions to design, construct and commission a mercury-free demonstration site in the district of Brokopondo.

The EMSAGS project and Jacetec Solutions are now seeking a qualified **Site Manager (national individual)** to oversee and manage (on-site) activities related to the demonstration site in Brokopondo.

The Terms of Reference (ToR) and Personal History Form for the abovementioned consultancy can be downloaded from the website www.emsags.org or requested via info-EMSAGS@nimos.org.

Interested candidates who meet the criteria mentioned in the TOR can send their application by email, no later than **June 13th, 2025, at 00:00 hrs. Suriname time** to info-EMSAGS@nimos.org.

The subject title of the email should read: *“Application for Site Manager EMSAGS Project”*.

The submission letter should be addressed to:

Project Manager EMSAGS project
Zinniastraat 33
Paramaribo-Suriname
Tel: 430440

Only applications that meet the requirements as specified in the ToR will be considered
